

LYNX Touch 5210 **In Touch With Your Lifestyle**

All-in-One Home Control System
Security, automation, energy savings and
convenience in one economical system

Welcome to Your Connected Home

The Honeywell Home lifestyle-enhancing LYNX Touch all-in-one home control system lets you control your security system, home automation functions, view video and more—all from one brilliant, full-color touchscreen. It can even keep you connected to your family and home whether you're across the street or across the world. No other system can touch it.

Brilliant, Full-Color Touchscreen

- Crystal-clear, full-color 4.3" touchscreen simplifies operation with graphics and menu-driven prompts
- Icons and words are large, clear and easy-to-read

- Two dedicated keys for easy access to the home screen and emergency functions

Home & Energy Management

You can control and automate your thermostats, garage doors, lights, locks and water valves directly at the LYNX Touch display, around your home via Wi-Fi[®] enabled devices or remotely when using Resideo Total Connect Remote Services.

Garage Door Control

Control up to three garage doors¹ and know whether they're opened or closed right from the touchscreen, on your mobile devices or remotely with Total Connect. You can close the door if it is left open accidentally, schedule it to close after a specified period of time or at a certain time every night. You can even arm the system when the garage door is open—helping to avoid false alarms.

Two-Way Voice

The optional two-way voice feature lets central station operators listen in and talk to you when an alarm signal is received²—ensuring that the proper response personnel can be dispatched to your home should the need arise.

Total Connect Remote Services

- Control your security system and home automation functions, view live video and receive email and video notifications anywhere in the world on mobile devices

Connect to the possibilities today! Contact your security professional to custom-design a system with options that work for your lifestyle and budget.
