

## **Open or Closed – Stay Connected to Your Business Anytime, Anywhere**

Security, awareness and control

# Lyric™ Controller

The Honeywell Home Lyric Controller is a professionally installed system that provides superior, 24/7 security protection and automation control for your business.

The wireless system installs easily, and integrates with smoke detectors, electronic locks, fans, thermostats and more. You can control security and automation functions from the Lyric Controller, a mobile device or computer.

## Never Miss a Delivery

Control up to three overhead doors and know whether they're open or closed right from your Lyric Controller or the Resideo Total Connect app. Add Honeywell Home HD cameras and receive video clips when an event occurs day or night.

## Protect Vulnerable Spots

Know when an employee enters a restricted or sensitive area such as a stockroom, loading dock or supply closet. You can even monitor cash register activity.

**Arm or Disarm** your security system remotely. Even let employees in when you're not there.

## Save Energy, Save Money

Use Lyric's smart scenes to control your lights, fans and thermostats. Save energy\* when you're closed and create a comfortable environment when you're open.

*\*Connected business solutions and programmable thermostats can reduce energy costs by up to 15% US Dept. of Energy.*

**Get HD Video Notifications** day or night
